"Thrupny has a platform to power investment vehicles for millennials and beyond. The platform will provide the benefits of stable, asset backed investments with the transparency and granularity that blockchain provides"

Platform Products

The Thrupny Platform supports a large number of use cases, the current and roadmap products include:

- REAL ESTATE TOKENISATION
- COMMODITIES TRADING
- ROBOT TRUSTEE & ESCROW
- KYC & BYOID
- TRANSPARENCY PROTOCOL
- SMART CITY BLOCKCHAIN PROTOCOL

Differentiators

- **Unique transparency**, stability and asset management concept
- **Innovative Protocols** Transparency Protocol is cutting edge in any industry along with our Smart Real Estate Protocol
- **Blockchain Agnostic** Thrupny supports multiple blockchain first level protocols
- **Investor Value** No other Blockchain project goes as deeply into both value performance and operation efficiency
- **Expertise** Our co-founders cover blockchain business cases, technology expertise
- **Tech Ready** We have production proved implementations and 60% of the technology roadmap done
- **Team Ready** We have an experienced team and know everyone we are going to hire for the next year as well as our outsourcers

Partners & Customers

ENTITY

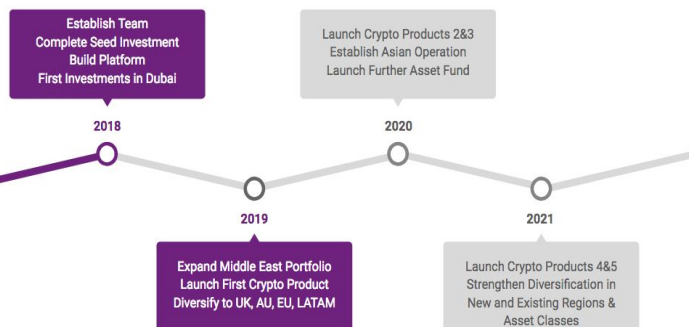

Operational Platform

The Thrupny Platform is in operation today with two customers, is being tested by two more and we are in discussions with four more.

A ROADMAP OF TOKENISATION FOR TOTAL TRANSPARENCY

MWAN is our future looking R&D shop working on our next innovations

Investment Essentials

- We have **existing customers** giving us revenues and strong demand
- We have had seed investments of \$100k
- Our platform has been developed over 3 years
- We clear up to **50% gross profits** from B2B deals
- It takes only 6 weeks to deploy most customer use cases and we have capacity for 3 or more projects monthly
- Our pipeline includes monthly customers and new products for two years
- The current **Seed** round is for \$250k
- Our **Series A** will be for \$2m
- Our ultimate goal will be to set up a fund to invest in tokenized assets through a **Security Token Offering (STO)**

**\$24 Tr TOKENISATION
OPPORTUNITY**
